

## Professional Environmental Training at your own desk.....

Our long running Integrated Professional Development training programme has been designed to offer you the most flexible and cost effective way to get qualified and stay up to date as an environmental professional. It is now even more flexible as all Modules are available in e-Learning study formats. The IPD programme is made up of the following Modules with associated qualifications from leading UK professional bodies :

Follow these steps to start your e-Learning study programme :

- Step 1 Choose how far you wish to proceed through the IPD programme by selecting the qualification you wish to achieve. You will need to take all the preceding modules up to that qualification eg to achieve the NEBOSH Diploma in Environmental Management, you need to complete Modules 1, 2 and 3. Credits are available for courses completed with other providers on a discretionary basis. CPD courses are normally open to all but check our website for entry requirements.
- Step 2 Decide how much time you can commit to the programme. 10 hours a week = fast track; 5 hours per week = standard rate, < 5 or >10 hours per week = bespoke programme (time limit of one year per module)
- Step 3 For standard and fast track programmes choose a start date from those listed on the Module web pages. If you are planning to take two or three Modules consecutively then check the e-Learning programme to fit them together to suit your needs eg back to back or with a gap between. Please call if you need help with the programme options.
- Step 4 Book your place on line or by contacting Julia Hill at 01873 890819 or [julia@cambio-uk.com](mailto:julia@cambio-uk.com)

## e-Learning study

Our e-Learning programme covers all the Modules of our Integrated Professional Development Programme. **We've worked hard to ensure that you get the benefit of all our experience in face to face training in this modern version of a distance learning programme.**

Key features of the e-Learning study programme include :

Multiple start dates

For all Modules though out the year—see the website for details

3 progress rate options

Fast track, standard rate or bespoke rate.

Supported progression

Guidance times for completion of key tasks and reminders to help you keep on track and motivated to stay with your study group.

Video tutorials

Scheduled on-line tutorials with your course tutor to enable personal clarification and exploration of topic areas covered.

Study group forum

Each Module start date has an on line study group forum where you can share experiences, questions and ideas.

Varied study tasks

Multi-media tasks to keep you interested and for variable learning preferences.

Read a section of your course notes

Watch the on line video clip

Complete the task or question

Use internet links to find out more...

Complete the course assignment

Top quality course notes & on-line study materials

Comprehensive notes, sources of further information, slides and revision aids - based on years of experience of face to face courses.

Blended learning

You have the option to alternate Modules between e-Learning and our Face to Face public course programme.

See overleaf for course selection and booking options. For advice and further information contact Julia Hill at 01873 890819 or [julia@cambio-uk.com](mailto:julia@cambio-uk.com)
